*Just recently we have been shocked by an outrageous and horrific law passed in New York against the unborn. This means we need to intensify our intercessions before God and the Mother of God. We hope you can join us for this important witness in conjunction with the 40 days for Life Prayer Vigil. The Moleben will be served by Fr. Alexis Miller and Orthodox Christian clergy and laity outside of the Planned Parenthood building on Georgetown Road and will include a short sermon on the sanctity of life.*
